

Domville Place Precinct on Campbell Millmerran

Millmerran Commerce & Progress Inc. update - detailed plans have been architecturally drawn and are to be submitted to Toowoomba Regional Council as the project dream becomes a reality. See page two for details on how Millmerran community and business can assist with funding this community project.

Re: Domville Place Project – Community Redevelopment Support Request

Dear Community members and Business Representatives

We are writing to you today on behalf of Millmerran Commerce & Progress Inc. (MCPI), a dedicated group who strives for better outcomes for our community. MCPI, with the endorsement of Toowoomba Regional Council (TRC) are currently redeveloping Domville Place, “The Heart of Millmerran” – a vital but underutilized parcel of land situated in Millmerran's CBD. This prime location, on the corner of Mary Street (part of the Gore Highway) and Campbell Street (the town's main street), holds immense potential to become a vibrant social and recreational hub for locals and tourists alike.

The Vision for Domville Place

Currently, the site offers a basic grass area with minimal amenities and lacks irrigation, shade, seating, or attractions to encourage its use. Our proposed plans aim to transform it into a fully optimized green space featuring shade trees and pathways, a covered picnic area, a stage for performances and events, fencing from the Gore Highway and an art feature for a photo opportunity. This redevelopment will provide a much-needed rest stop for travelers while serving as a welcoming meeting place for locals. The project represents a vision shared by our entire community and has been in planning for several years.

We are excited to report that after a significant amount of time, effort and resources being invested, TRC have granted approval for the project and have entered an agreement with MCPI to complete the works, in collaboration with GFG Projects.

How You Can Help

MCPI is reaching out to the community and to businesses for funding to support our project, which has an estimated cost of approximately \$400,000. So far, we've received \$179,000 from many pledges toward our goal.

With your support, the redevelopment of Domville Place will significantly enhance Millmerran's livability and strengthen community connections. This project will also boost the local economy by attracting travelers to stop and explore our beautiful town, creating new opportunities for both residents and businesses alike.

If you would like further information about the project, please don't hesitate to give us a call. Together, we can make a lasting impact on our community and leave a meaningful legacy for Millmerran.

Kind regards
Millmerran Commerce & Progress Inc.
